1st Waste Corporate and Social Responsibility Statement

Your Waste Management Partner.

As one of the leading waste brokers in the waste management and recycling industry, 1st Waste Management Consultants Ltd (1st Waste) recognises that it has a corporate and social responsibility to all of our stakeholders, including our clients and our employees.

1st Waste has aligned our environmental, social & governance objectives with those outlined in the United Nations Sustainable Development Goals. We recognise that we have more influence in some areas than others.

Objective	How	United Nation Goal
Promote Recycling & Carbon Reduction	• Produce accurate data on carbon production • Support with solutions and innovative technology working in partnership with both our customers and suppliers	
Use Responsible, like-minded, and progressive suppliers	• Audit suppliers regarding environmental & legal compliance • Check supplier staff are treated & paid appropriately	
Improve our governance & social performance for all stakeholders	• Support wellbeing projects • Actively look for opportunities to do more and support areas where we have previously been less engaged
